| Our Training Highlights

- ✓ **Role-specific training instead of Product-based training** – We are the leaders in providing Role-Specific training and e-learning solutions for individuals and corporations.
- ✓ **Longer Course Durations** – We provide students with more detailed training with Assignments based on the real-time scenarios.
- ✓ **We offer Training Blogs using Google Site** – The Training Blogs are a common platform for both the trainer as well as the trainees to interact with, discuss queries with the trainers, and upload assignments and referring assignments.
- ✓ **We provide study materials using Google Drive** – We provide access to a Repository of materials for training using Google Drive Cloud.
- ✓ **Never miss a session** – We video record every online training sessions and post the Video recording on the training Blog after the session.
- ✓ **Highly Qualified and Well Experienced Trainers** – Our Trainers are highly qualified and are well experienced in their respective domains. We have trainers from USA, Canada, Australia, Singapore and many other countries.
- ✓ **Certification Assistance** – During and at the end of training, the Sr. trainer will provide Certification questions and answers to help you clear the Certification.
- ✓ **Career Counselling** – If you are New to IT and want career counselling to help you decide which stream to go into, please click the link, <http://www.zarantech.com/free-career-counseling/> and fill out the Career Counselling form and one of our counsellors will get in touch.
- ✓ **Placement Assistance** – Our “After the training” team can also help you with Resume preparation guidance, Interviews questions and Mock interviews after your training is complete.

| Our Training Types

Training Mode 1	Training Mode 2	Training Mode 3
Well-structured live classes led by industry experts for new age professionals. Trainees can access durable e-learning content, interact with trainers during session, access blog and access SAP server for SAP modules. We use Cisco WebEx event centre to conduct classes.	Register for self-paced video training program to learn at your own pace from anywhere at any time. These self-paced videos are recorded by experienced instructors. We deliver SPVT program for about 20+ courses with standard course materials.	We provide recorded session videos led by Subject Matter Experts. This learning program is free from geographical and time limitations. Trainees can access e-learning content, interact with trainers through discussion boards and access server for modules.
INSTRUCTOR LED LIVE TRAINING	INSTRUCTOR LED VIDEO TRAINING	SELF PACED VIDEO TRAINING
